SAN FRANCISCO STATE COLLEGE LIBRARY

State Enrollment Reaches New Peak

DEDICATION CEREMONIES SET OCT. 9

Notables Invited; S. F. J. C. Game Follows Dedication Decker in Charge

In an impressive ceremony, in which notables in educational circles in California as well as prominent San Francisco officials will participate, San Francisco State's new athletic field will be officially dedicated in honor of its president, Dr. Alexander C. Roberts, on October 9 at 7:30 at the field on 15th and Valencia streets.

The dedication ceremonies will mark the termination of several months' labor on the part of students and faculty of the College. Negotiations were begun during the last school year, and actual work started at the close of the spring term.

Among those invited to the ceremonies are Governor Frank F. Merriam, Mayor Angelo J. Rossi, Veirling Kersey, State Superintendent of Schools; John Cuddy, president of Californians, Inc.; and the presidents of San Jose State College, Fresno State College, and the San Francisco Junior Chamber of Commerce.

The athletic field, located at 15th and Valencia streets, was formerly the site of the Seal's Stadium and the old Recreation Park. It has been leased by the State of California for the College for a period of five years with an option to buy the property at that time if the College officials see fit.

The San Francisco State Student Body has contributed a sum of $700 in order that the field may be equipped with a lighting system for night games, thus insuring greater attendance at the athletic events scheduled to be played here this fall.

Bud Decker, College yell leader, is making arrangements for the dedication ceremonies, at which time the field will be named in honor of President Roberts of San Francisco State College.

FACE LIFTING NETS RECORD CAFE CROWDS

With its face lifted to a new high, the rejuvenated College Cafeteria is handling record crowds, according to the new manager, Mrs. Julia Nattinger. Mrs. Nattinger has come to State from Oakland Technical High School, where she was pastry cook for nine years.

New equipment to the tune of over $500.00 has been added to the plant and the quarters have been thoroughly cleaned and painted.

Storage space has been enlarged to make quantity buying possible. Leo C. Nee, college controller, feels that this will result in savings and enable students to receive increased quality at the minimum of increase in prices.

Fifteen students and seven professional assistants in addition to the manager are employed in the cafeteria which will be open from 7:00 to 4:30 during the college week.

The new set-up includes a full-time manager in charge of the fountain service. This innovation is intended to increase the efficiency and add a professional dash to the fountain dispensary.

FROSH HAZING ENTERTAINS LOCAL SHOPPERS AT NOON

REESE ISSUES ULTIMATUM

John Frosh went to college Thursday. A rather unwilling pupil, yet game, John Frosh was initiated into the code of well being by a group of Sophomore profs under the leadership of Vernon Reese and Bud Decker.

While noonday crowds stopped and stared, Mr. Frosh was taught the fundamentals of proper conduct and dignity through vigorous wielding of paddles. The spectacle, presented on Market street, was one that had San Francisco shoppers wondering just who was crazy.

College was conducted with an eye to the serious things of life. Peanut rolling along the famed White Way was a preliminary to put the frosh in trim and to keep their collective noses to the proverbial grindstone.

From the vicinity of Mission and Van Ness, the parade moved down Market street, ending at Powell. At this point the higher degrees of learning were pushed on the unwilling scholars. Egg shampoos to cure the feverish brains were the next step in the education of John Frosh. Assisted by a push from behind, John was taught proper decorum and respect for his elders.

An intensive course of study has been laid out by the Sophomore committee on the higher education of the incoming students. Chairman of the committee, Vernon Reese, declared: "All frosh must wear dinks and jeans. This won't be an "or Else" matter. It will be a case of "must" with apprehension by force. We expect the freshman to know the commandments and to commit them to memory. Furthermore we expect them to obey these commandments. We expect to prosecute to the fullest, all freshmen who have been delinquent in their studies. It won't be with cinch notices either.

Freshman educational week will be continued in full force until the traditional brawl and bonfire put a climax on the rivalry of the two classes.

STATE GETS MOVIE SHOW

Marking a unique enterprise in the collegiate world, a special committee sponsored by the Associated Students was today well underway with plans for the organization of a moving picture theatre on the State campus.

Growing out of an experiment conducted last semester by the Golden Gater and Alpha Phi Gamma in the form of "Campus Newsreels," the project now contemplates the showing of feature-length movies, comedy featurettes, news reels of student activities and vaudeville.

Erwin Bischoff is chairman of the committee which will manage the enterprise, according to Ed Cockrum, student body president. Aiding Bischoff in various departments will be Will Smith, projection; Bob Links, sound; Cliff Worth, promotion, and Burton Johnson, presentation. Bischoff will also act as cameraman.

The student reels will constitute actual pictures taken of State students during their various activities on the campus. All of the pictures will be "talkies," in that a public address system is to be synchronized with the film presentation.

Frederic Burk auditorium will be the scene of the evening performance and matinees will take place in one of the larger rooms in College Hall. The showhouse will be known as "The Varsity Theatre," Bischoff said.

Actual filming of the student pictures will be begun next week, and the Varsity will open its doors on some date before the end of the month.

JOURNALISTS GREET CUBS

In order to acquaint new journalism students, and other interested persons with the staff of the Golden Gater, the Franciscan, the members of the board of publications, the publications group is giving a reception in the Little Theater from four to sx o'clock on Wednesday, September 16.

A program has been arranged under the chairmanship of Jean Coplestone, the managing editor of the 'Gater, with the assistance of Nadezda Lawrence and Elsa Magnus. Opening the program will be Joe Brigandi, a popular State entertainer, who will present several numbers. As the second attraction, Dawn Wilson and Howard Demecke, vocal duet, have planned several renditions.

Jack Warner, frosh transfer from San Francisco junior college, will close the program with a display of his talent as a banjoist, having previously won first honors in the J. C. amateur show. After the program refreshments will be served.

The board of publications have arranged this reception in the belief that new journalists as a whole are unacquainted with the publications department and its activities.

All freshmen, new students, journalism students, and the public are cordially invited to attend this program.

LATE BULLETIN

Bill Ferem was elected president of the low freshman class at on election held yesterday noon. Don Morgan was the defeated candidate. Final tabulations gave the victory to Ferem by two votes, 28 to 26.

Marge Kearny was elected vice president. Dick Quarq was named to the office of treasurer.

A. M. S. PLANS GALA AFFAIR ONTHURSDAY

Radio Talent Will Be Featured; Boy Singer Heard; Students Participate

"The Associated Men Students are headed for bigger and better things this year," declared their president, Mike Driscoll, here today. "We're swinging off with one of the best rallies ever before presented to the A. M. S."

The rally will take place at eleven-fifteen A. M., Thursday, September 17, in annex B2. Among the entertainers will be Patrick O'Neil, prominent tenor with the Columbia and National Broadcasting systems; Calvin Healy, eight-year-old singing sensation from the Fanchon and Marco School. Believed by many critics to be the equal of the popular Bobby Breen, Calvin has a movie contract with Warner Brothers to go into effect when he becomes ten years of age; Marcel Vogel, master magician from U. S. F., and Al Lewis, piano accompanist.

HOME TALENT ALSO

Also on the program will be our own school talent, which includes Paul Depoister, tap dancer, and "Sonny Boy" Newton, in a pantomime. A feed will follow in which there will be enough food for everyone.

"We are also putting on a dance the night of the brawl, Friday, September 18, that will be nothing short of colossal. The price is only twenty-five cents, and believe me you'll have the time of your life," Mike added.

RALLIES EVERY SIX WEEKS

One of the points stressed by the A. M. S. president was the fact that there would be a rally at least once every six weeks. Mr. Driscoll also expressed a desire to have a "smoker" which will feature many boxing matches, the contestants to consist of school talent.

These meetings are open to all men students of the college, and a special welcome is extended to the freshmen and transfer men students.

The A. M. S. are also striving to get a special activity room in which to hold their meetings. Arrangements for this may be arranged in the new building, their president advised.

SCRIBE CLUB HOLDS INFORMAL TEA PARTY

As an opening to activities of the Fall semester, the Scribes Club will hold a meeting and informal tea this afternoon in room 109 from 4 to 6.

An interesting time is promised to those attending the meeting, according to plans made for the affair. Arrangements have been made to secure a prominent speaker as the main feature of the program. An announcement will be posted on the bulletin board giving the name of the lecturer and his topic. Lou Harrisen, a prominent Scribes Club member, will read some poetry selections. The aims of this organization will be related by Peggy Cleghorn, president.

The Scribes Club is a literary organization open to all students. Miss Klienecke, head of the English department, is the sponsor of the group. A fall program of study of contemporary writers as well as visits by prominent speakers has been planned. All students interested in this organization are cordially invited to attend the weekly meetings which are held at noon on Fridays in Room 109.

Registration Total Nears New Heights; Outlook Brighter

Ninety-Five Per Cent Grads Get Jobs, States Dr. Roberts; Athletic Material Best in Years, Football Turf in Fine Shape, Big Game Dedication

With final tabulations still uncomplete for registration totals figures obtained from the financial secretary's office late Friday afternoon showed a sum of 1420. Comparison with registration records a year ago show a substantial gain. Still more are expected during the next week.

Dr. Alexander C. Roberts, president of the college, said that he was much gratified at the way that the student enrollment had held up. "Never has the placement outlook for teachers been so bright," Dr. Roberts stated, "Despite the fact that we are expanding along liberal arts lines, there is a stimulating interest shown by both men and women in the teaching profession." The president further said that placements for State graduates in the teaching fields had reached the total of about 95 per cent.

Holidays Affect Registration

Mr. Leo C. Nee, financial secretary of the college, said that he expected the 1500 mark to be reached by the end of next week and explained that the holidays had exerted a retarding effect in the first week, but that the late entrants would not be much longer in arriving.

Dean David J. Cox, athletic director and trac coach, said it was a little early to say what effect Junior College and other transfers among the men would have on the athletic situation at the college. However, he was firm in his belief that the material was slowly improving over that of past years.

Athletics Draw Students

It was believed in various quarters that the new athletic plant would have a strong drawing power on present and future high school graduates in the bay area. Dean Cox said the turf would be ready for the first football games and that the lighting system was ready to go. Plans for an impressive dedication of the plant at the time of the State-J. C. game. Sentiment expressed at different points on the campus pointed to record attendance at the football game.

TRADITIONAL CLASS WARS FLAME ANEW

Medicine Ball Main Event—Vernon Reese in Charge of Showdown Friday

Traditional rivalary of the two lower classes will come to a head Friday, when the Sophomores and Freshmen meet in the semi-annual brawl. The program will start at four and continue on until one of the classes has been declared the victor.

With nine events scheduled by George Bogdanoff, the brawl will be a matter of concern to the Freshmen. Upon the outcome of the contests will rest the fate of the lower class. Victory will mean the release from the Frosh Commandments and the wearing of the traditional dinks and jeans. A defeat will mean that the Class of '40 will suffer from the vengeance of the Sophomore class for the balance of the semester.

NINE EVENTS STAGED

Heading the list of the nine events will be the medicine ball battle. Following this struggle will be several relay races; a football game; jousting; to be climaxed by the tug-of-war.

The Sophomores are being organized under the leadership of Vernon Reese. A warning to all Freshmen to appear in the Men's physical education department at 3:30 p. m. Friday was issued by Bogdanoff.

"We expect the Freshmen to show up on Friday afternoon. In fact, we are demanding that they put in an appearance. It will be a fair brawl and will be "policed" by upperclassmen to prevent any unfair advantages being taken by either class."

SOPHS TO DOWN FROSH

Asking the Sophomores to also show up, Vernon Reese said: "It will be a chance to show the freshmen that we have a real bunch of fellows here at State. We think we can keep the dinks and jeans on the lower classmen until the new term starts in January."

The brawl will be a preliminary to a dance to be held in the gym on the night of the event. Freshmen are being required to contribute to the affair through the sale of tickets.

Elections Set For Next Week

Class elections are to take place the week of Sept. 20 to 25, with petitions for office due at 4 o'clock on September 18, it was announced today.

Low juniors will elect officers on Wednesday of election week, while low senior elections will take place on Thursday. All candidates for office must file a petition before the deadline in order to be eligible for election.

ASKS STUDENT AID

Asking that all students and faculty members advise the information desk on details of any activity of any organization or group in the college, Lois Lundstedt, in charge of the desk, declared that this assistance would aid in advertising any event on the campus.

"The Information Desk is for the use of the faculty and students," declared Miss Lundstedt. "We would like to help advertise campus events, but often we are unable to do so as no information is supplied us. Would those people in charge of student body affairs especially, leave full details of any trips, functions, dances, speakers or parties?"

DOCTOR ROY CAVE BECOMES NEW SPONSOR FOR THE GOLDEN GATER

Dr. Roy C. Cave, who with the departure of Dr. Lawrence Kinnaird from the college, takes over the sponsorship of the Golden Gater, is enthusiastic over his new responsibility, according to an interview secured today.

"I like the staff," he said, "and there is no reason why the paper this semester should not be very successful. I have been watching with interest the progress of the paper during past semesters, and it has gone far in spite of the lack of facilities."

Dr. Cave declared that the many new types and printing devices available at the new print shop where the Golden Gater is printed will aid the editors in producng a better paper.

No cub journalist is Dr. Cave! While in high school, he founded and edited the student newspaper, and went on to college to report for the University of Washington Daily. After leaving school he worked for a time for a Seattle community paper.

"Freedom of expression and student responsibility will continue to be the policy of the paper," the doctor averred, "but I believe the Golden Gater should be regarded not merely as an enterprise of students interested in journalism, but a College enterprise. As such it deserves the unqualified support of both student body and faculty."

Looking to the future, Dr. Cave said: "We are looking forward to the establishment of a campus daily. To do this, we must build up our advertising, and this, I believe, we can do by pointing out to prospective advertisers, the large amount of spending power concentrated in this area."

New...

A new Golden Gater with the most modern in type. This is a new development in keeping with the growth of the college.

Old...

An old favorite returns to the Golden Gater.

ROOTERS SCHOOL IDEA TAKES HOLD AT STATE, DECKER BOOMS NEW YELLS

Something new in the way of instructing rooters in the proper performance of the school yells is to be introduced at State this semester in the form of a rooter's school, to be held daily from 12:15 till 12:45 in the girl's gymnasium under the direction of Bud Decker, head yell-leader. He will be assisted by Vernon Oullette, Hal Delma, Dawn Wilson and Audrey Stewart.

To assist the yell-leaders in the instruction of yells, a hand-book has been prepared by Bud and his assistants, containing all the old yells and many new ones which have been written by the yell-leaders.

Open To All Students

This school, which will open on a date to be announced later, is open to all students who desire to properly execute the yells at rallies and games. At each noon-time class, there will be presented something in the way of entertainment besides the rooting instruction.

According to Bud Decker, the students of State have been rather lax in the past in their interest in rooting, and it is his hope that this school will give more precision to the yells and stimulate school spirit.

In the Limelight

By CLIFFORD WORTH

Each week on this page there will appear two columns in place of the usual editorials. One will be written by the editor, the other by the feature editor.

Greetings and salutations and best wishes for the new semester. Of course we all say we're glad to be back, and get into the harness once more, but I think that a lot of us still day-dream of ideal summer spots with a sprinkling of ideas of long days with nothing to do.

Better let it go at that—we're here, and we will be for quite some time.

* * * * *

There are quite a number of new students coming to our college this semester, and I guess they deserve a word or two of welcome.

Freshmen, Transfers, etc.: We are glad you are here. We hope you like the place, but if you don't it is up to you to change it! We have a lot of activities here, if you want to be one of us—then get into them! We also hope that you will find your investment of time here worthwhile, if it isn't—it's your own fault.

Take the hint and get around and enjoy yourselves and make yourselves liked by the old-timers.

* * * * *

A comment on registration would not be out of order. Three cheers to Mr. Nee and the efficient way he handled the horde of fee-payers. And hurrah to the Advisory and Registration Committees. Their work was most efficient and certainly is much appreciated, even though a lot of people boo their work because they were not allowed to slip ahead in the lines.

Incidentally, up to 10 A. M. last Thursday there were 1,341 regulars enrolled and 28 limited. Of course these do not include the extension division figures, and they are not the final figures—but they will do. Dr. Roberts, who presides here, was much elated when he heard them, because they are quite an increase over previous registrations.

* * * * *

It wouldn't hurt if a lot of you attended the first dance of the season. It will be on Friday the eighteenth in the Women's Gym. The Men's Club backs the eve, and what the Men's Club backs is usually pretty good.

* * * * *

Even though it is mentioned in several other places in the paper, no one can keep me quiet on the outrage of removing the one and only men's room in College Hall. If the co-op needs the space so terribly that the directors of the college are willing to sacrifice the comfort of the male population, then why not let males and females suffer alike? Please, would someone put a bug in someone's ear and suggest that just ONE of the ladies rooms in College Hall be converted to a Men's room.

* * * * *

Bud Decker, the head yell leader, has the right idea. He has caused to be mimeographed some two thousand copies of our yells and songs. According to the plan, these will be passed out at the games and rallies. It sounds like a good way of getting the rooters to yell and sing.

* * * * *

Perhaps you were approached at one time or another to make a deposit on the Franciscan. Do not get the wrong idea. They are not trying to part you from your money to finance some gold-brick scheme. They are trying to ascertain the number of annuals to print, and to try to discover just how much money they have to run on. It is evident that the more support, the better the annual. Think twice before refusing the offer.

* * * * *

A word to one of the uppiest and commingiest departments in the college. The music department, in securing the right to give certain music history courses and counting them as Social Science work has brought a blessing upon the heads of a lot of people who are majoring in music and who heretofore had to take additional work in order to comply with the S. S. requirements.

Perhaps some of the other departments could do the same, and relieve a lot of pressure in other lines of required work.

* * * * *

Among the new faces which will appear among the faculty this year are those belonging to George Gibson, Robert Rowe, Yvonne Champreux, Claude A. Shull and Lauren C. Post. We wish them a happy stay in their replacements of Dr. Kinnaird, Miss McKay, Mr. King and Dr. Gardner.

Welcome home Mrs. Cooch after your study away from the home fireside.

Robert Utter, the ex-reader for the English department, now teaches at the J. C. It's a good step in the right direction. And a boost for Dorothy DeLano who replaces him.

* * * * *

Gus Smith, new wielder of the Frederic Burk orchestral baton, takes the spot vacated by Dick Coughlin, who seeks greener pastures in the neighborhood of Hayward.

MAYBE I'M LYON

— — By Bev — —

THOTS WHILE STROLLING THE CAMPUS:

Last year, while strolling the campus, our biggest thot was that we would never write again—never, never, never—and here we are—Lyon around as usual * * * Welcome to the freshmen. (This should have come first—'xcus, pliss). You've come to a grand college if you help to keep it that way. We're all quite friendly here—don't be afraid to unbend and smile, even if you don't know his (or her) name. Remember, as Ling Po once said, "People with noses in air will need handkerchif because of coldness about them." So, please, be at least lukewarm and try to get into the swing of things. The college wants you—it has a place for you. Find it. Hallelujah. * * * Ed. Morgan, last year's Student Body prexy, is over at Cal. now, giving the girls a chance to see what State can turn out. Wasn't he that one who advocated a twelve story college building so we'd have higher education? (Gee whiz, Ed, somebody did!) * * * A special consignment of Winchell's best orchids to Bob Barry, editor of the 1937 Franciscan. For the first time in years, the dummy of the book was ready before the fall semester started.

* * *

LOVE'S OLD SWEET SONG:

Wallace MacDonald, who once told Sonia Selig, "I only have Eyes For You," and then lent his ears to Pat McNamara's murmurings of sweet nothings, has said his fond farewells to Pat and hied himself back to Sonia. (What is this—a game?) * * * Gay Lonergan and "Noodles" Noodleman have that certain look in their eyes * * * Clint Purcell and Alice Bissell are still at that stage, too. * * * And why do Hal Woods and Betty Iles take so long to eat a little sandwich if they're only talking about school? (Yes, but you don't have to look at her like that, Hal.) * * * We wonder if any of the above are responsible for the sign in the Bookstore: "Wanted—Love's Analytical Geometry." Someone's mighty anxious to get the lowdown on the eternal triangle, it seems.

* * *

YELLS:

Bob Robinson is passing out cigars, having become the proud father of a baby boy about six days ago. Best of luck to his sweet wife, Myrtle. Both father and baby are doing well.

* * *

BELLS:

It seems that our Econ. dept. is teaching that two can live as cheaply as one (if one doesn't eat) on account of so many duets became solos. Among the muchly married are:

Andy Bodisco and Helen Brown; Aubrey McDermott, June grad. and Beatrice Gordino (the blushing bride can usually be seen in Mr. Nee's office-typing); Barbara Bennett and Larry Mallon (he's not a Stater); Eleanor Lalanne and Max Vineys, former yell-leader; Thelma Starke and Charlie Rich (both of Scribes Club fame); Jack "Debater" Werchick and Carilyn Weintraub (she's from New York); Bill Connolly (former College Theater star;) Ed Henry, former State athlete, and Helen Gleason, one-time president of A. W. S. (the names of their better halves are withheld—'cause unknown).

CUPID, ETC.

"I pronounce you man and wife." The oft repeated words fell on the open ears of several Staters this past summer.

Among the first to walk down the aisle were none other than Bea Gordino and Aubrey Mac Dermott. In order to make it a complete State show the ceremony was presided over by Dr. Alfred G. Fisk. The bride is a senior student while "Mac" graduated in May. He is continuing his studies at U. C.

Proving something or another about debaters talking until they get themselves involved, another recent traveller into the realm of matrimony is none other than the Delta Sigma prexy, Jack Werchick. His bride is the former Carrie Weintrob, she's a New Yorker, whom Jack met on his trip east.

The Scribes Club contributes its bit to the world of wedded bliss, by announcing the union of two of its members, Charlie Rich and Thelma Stark. The service took place last June.

FROM THIS SIDE

By BILL BUCHAN

We take another step forward. With this edition, the Golden Gater assumes a place among the foremost college papers in typographical excellence. With the conclusion of new printing contracts, the paper is assured the most modern in type and printing equipment.

This is just another indication of the growth of the Golden Gater and of State itself. Within the period of six months we have seen two striking developments in the paper. First was the semi-weekly editions soon to be followed with the growth of the page size to six columns. Then came new contacts that assured an increase in revenue. Now we are more than pleased to present **a new Golden Gater,** one of the most modern of college papers.

A MATTER OF POLICY

Along with this new type set-up we are inaugurating many new features. We are presenting **a new Golden Gater,** but one that will remain loyal to the ideals of the countless editors that have preceded us. As a matter of policy we will continue to present both sides of the story in our news columns. Editorially we will endeavor to assist the student body in the formation of opinions on essential matters of importance. We will present the facts in our editorial columns, and try to present an unbiased judgment on these self same facts.

Past editors have been criticised for this policy. Yet without this voice, to protest when protest is mandatory, to start movements for the general welfare, and to be a helpful aid to all just causes, the college would be the victim of petty politics. It isn't a generous thing to say, yet past experiences have borne out the truth of this statement.

As a matter of policy we make one promise. To insure the continued growth of the Golden Gater and to lay down a foundation that future editors may build upon. We of the present staff hope to see a daily some day. It is our pledge to you to work towards such a goal.

THE CO-OP SITUATION

Undoubtedly the Co-op committee will have many complaints to adjudicate if present indications can be taken as a criterion. Many are being voiced to the high heavens by a majority of the students.

One of the most discussed complaints was the removal of the men's room from the basement to make way for a storeroom and enlarged office for the manager of the co-op. This has forced the men to go either to the lower annex or to the far corner of Anderson.

Another complaint that has reached our ears has been the manner in which the management of the book store has seen fit to discriminate in employment.

We must say, though, that the general appearance of the fountain and cafeteria has improved a great deal.

THE KINNAIRD UNION FUND

With the start of the Union fund by a fifty cent fee from each student, the Golden Gater continues its fight for this project. Now that funds are assured it is necessary to make provisions for the actual governing of the union funds and the governing of the union house when it is built. As a suggestion to the Executive Board we propose the following:

That a Board of Directors be set up to be known as the Kinnaird Union board. This would be composed of the following people:

Mr. Leo C. Nee.

The Student Body's president and treasurer.

The Editor of the Golden Gater.

The president of the A. M. S.

THE PRESIDENT OF THE A. W. S.

THE PRESIDENT OF THE FEDERATED CLUBS.

This group would formulate the policies of the Union house subject to recommendation by the Executive Board. From the list of available candidates this group would also pick a manager for the Union house.

This is merely a suggestion upon our part. We think it is about the most efficient organization and the most representative that could be found.

Thus we introduce to you our first issue. Among its features is a new column by Beverly Lyon. From time to time we will continue to add features to an already growing list. However, we want it to be your paper, so let us know what you think of it and of anything else. A box will be posted in some prominent place for your contributions.

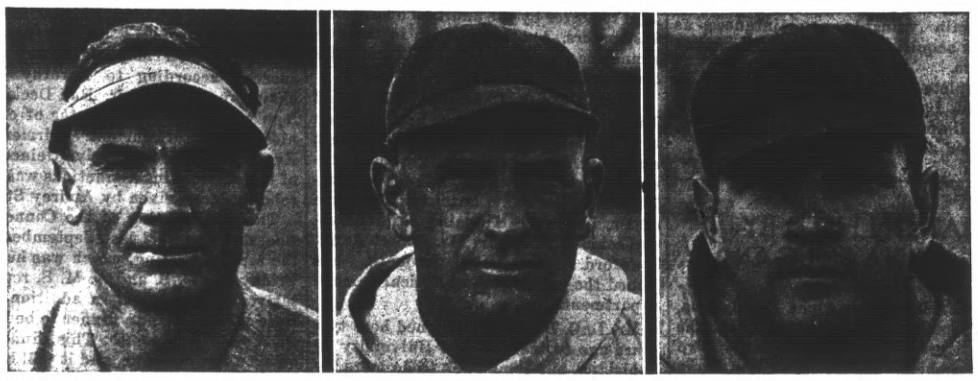
STATE SPORTS

EDITED BY **Golden Gater** KEN JOHNSON

THREE OF A KIND



Coaches Dan Farmer, Hal Harden and Dave Cox are starting a new era in State athletics. This season, with the opening of Roberts Field, State will have one of the best football teams in years. Coincident with the development of the new athletic plant comes the growth of a new team spirit.

Inside Story On Freshmen Gridders Told

When you go to that first State-Mare Island game don't be surprised to see some of these names in the opening line-up. After Friday's first scrimmage, Harden and Farmer looked over the field and rubbed their hands together when they saw these men cavorting around.

Ends

1. Gordon Thomas, 165 pounds, 5'11¼". Was a substitute end at State last season. Is a fair pass receiver and is strong on defense.
2. Dick Quarg, 169 pounds, 6'1¾". Freshman from Poly High. Was second string All-City last year. He is outstanding on offense but has not displayed exceptional defensive ability.
3. Runar Stone, 175 pounds, 6'2". State's "One-man track team" last season. Playing football for the first time in his life. He is a good pass receiver and fairly strong on defense.
4. Mike Gibney, 170 pounds, 6'. A graduate from Mission High, where he played three years. A little slow on offense, but strong on defense.

Tackles

1. Bill Plutte, 230 pounds, 6'3½". Letterman from last season. Strong on both offense and defense.
2. Howard Hanrahan, 190 pounds, 6'1". Transfer from U.S.F., where he played 1 year at tackle. Expected to be one of the outstanding linesmen when the season opens.
3. Hal Beseman, 210 pounds, 6'2". First string last season. A hard fighter and good, steady player.
4. Ralph Kauer, 178 pounds, 6'1". Was first string center last season, and is noted for his defensive ability.
5. Al Hutchinson, 185 pounds, 6'. Substitute end in 1934.
6. Harry Holliway, 225 pounds. 6'4". A freshman from Richmond High.

Guards

1. Bob Scharetg, 174 pounds, 5'11½". A letterman from last season. Fast and a hard fighter.
2. Harold Cunha, 185 pounds, 5'9½". A freshman from University High, where he played 3 years first string guard. He is smart and fast.
3. Sid Fischer, 175 pounds, 5'8". Played 2 years first string center for Dunsmuir High. He is a hard fighter and good defensive man.
4. Harold Doell, 167 pounds, 5'8½". A freshman from Oakland High, where he played 3 years first string guard.

Centers

A tossup between these two men

Bill Ferem, 190 pounds, 6'. Freshman from Poly High, where he played 3 years. Is strong on both offense and defense, and a hard fighter.

Giles Daniels, 196 pounds, 6'1". Freshman from Sheldon, Washington. Played 3 years first string. A little better on defense than offense.

Quarterbacks

1. Bill Abbey, 200 pounds, 5'9". Played 2 years for Poly, was All-city quarterback in 1933. He is an outstanding blocker and a fair pass receiver.
2. Red Thompson, 170 pounds, 5'7". Letterman from last season. Just a little below Abbey in ability. Fast man, and a good drop kicker.

Halfbacks

1. Daryl Hopkins, 169 pounds, 6'. Letterman from last season. Is an outstanding line plunger, fast and strong on defense.
2. Robert Schiller, 170 pounds, 5'10". Freshman from Lowell, where he played 3 years first string. Best pass receiver on the squad, and fair on defense.

Those Guys Like the Going

Practice Shows Difference

State SeasonPoints to Best

Those guys really like the going this year. For the first time in State's football history the squad of hopefuls are really having a good time while they take their daily beatings on the practice field, and as a result, it appears that the Purple and Gold is going to have its best eleven in all of its years of organization.

Spirit among the team members themselves seems to have had its effect on the entire campus. At the first scrimmage last Friday, over one hundred students formed along the sidelines to watch the proceedings as Coaches Hal Harden and Dan Farmer put the prospects through their paces.

To say that the Headmen's feelings are joyful would be putting it mildly. Having an overwhelming amount of material to chose from, they realize that there will be plenty of fight present. Players will be forced to display that old "die for alma mater" spirit if they hope to see an awful lot of action for the Gaters this Fall.

The most gratifying thing about the scrimmage last Friday was the fact that no one was seriously hurt, although some of the gang got pretty well bunged up.

Humorous as it may seem, the battle showed that State has a new threat this summer. The fact that one team beat the other 13 to 0 may not mean much, but the fact that this same team converted really showed something. All last season, while the Gaters were piling up a total of seven touchdowns, not one was converted. This year when the Purple and Gold expects to play many games which are slated to be close, that newly found factor may loom as an important cog in their success.

Plans for High School Play Day Under Way; State Girls to Compete

The Women's Athletic Association president, Virginia Kyriazi, announces that the plans for the semi-annual High School Play Day are well under way. This event is attended by representatives from all of the high schools of the Bay Region. In the morning the representatives and the State girls will take part in several different sports; after which lunch will be served. The day will be brought to a close with a program.

Every semester a program is held to welcome the new woman student. The various sports in which the students can participate are discussed by their respective managers. Following this discussion, games are played and refreshments served. A week from Thursday in the Gym is the time and place set for this event. All Freshmen are urged to come out and get acquainted.

The Women's Athletic Association announces the continuation of the daily noonday recreation program which is held in the Gym. Every one is urged to come out and have fun.

COACHES SEE NEW SPIRIT

First Scrimmage Brings Paens of Praise

With the 1936 football season to start on the night of September 25th against the Mare Island Marines at the new Roberts Field, State's two grid mentors held their first scrimmage Friday.

It was a tough old slapp'em down affair with the new blood of the frosh class running wild. Farmer and Hardin, standing on the sideline smiled for the first time.

Farmer-Hardin Talk

Said Farmer, "We really have the makings of a fine ball club this year, and though they look a bit ragged now, wait till you see them in that first game. For the first time we have a surplus of men for every position. The one thing that can spoil this year's team is the failure of the student body to get behind the team with some real spirit. Come down and watch practice, give these boys a reason to believe that you're behind them one hundred per cent."

Hardin was equally as enthusiastic. "One thing that held us up last year was the weakness of the line in some places. Well, this year we got the men to plug up those holes and to make openings for the backs. You can put me down as saying that State is going places this year, that is, if the student body will get behind us in the right way."

So there you are, guys and gals. State has the potentialities of a football team for the first time since Tige was a pup. Last year everything looked oky-doky until State played Humboldt State and was set down on their ear by a team that was undefeated all season. Right away the student body went sour and the Gaters played to a capacity house of about fifty people per game. But perhaps, with a new student body, a new team, everything to win and nothing to lose, the Gaters will have new birth of football freedom.

* * *

Mrs. Monroe, discussing the text, said in class: "Some of you ought to be struck by that first paragraph." Wonder if she meant with the book wrapped around it.

Heavy Eleven Meets Menlo Friday, Many Freshman Prospects

Bill Harkness Moved to Fullback; Bill Abbey at Quarter; Dave Schiller, Daryl Hopkins, and Gordon Bolander at Halves; Stone Trying Out at End

By DAVE SCHUTZ

Providing their coaches with the heaviest and most advanced squad that the headmen have yet had to work with, the Purple and Gold gridders will swing into action Friday with an informal scrimmage with Menlo Junior College.

Hopefuls for this year's team have been practicing three weeks on the Harden-Farmer style of play and appear to be more advanced than in any previous season.

No Positions Cinched

For the first time Coaches Dan Farmer and Hal Harden have plenty of material to work with, and as a result the players will be forced to keep going at all times to stay among the leaders for their respective positions.

The most noticeable factor in this season's line-up is the list of giants who grace the roster. The squad this year will average nearly 180 pounds, with the line approximately 184.

Many Backs

Although no definite selections have been made for any of the positions, this is the way they stack up at present. At fullback is the two year veteran, Bill Harkness, who has been shifted from halfback to fill the spot left vacant by George Bogdanoff. The halfbacks line up with Dave Schiller, a freshman from Lowell High, at right half, and Daryl Hopkins alternating with Gordon Bolander at the left wing post. Both of these men are veterans from the 1935 squad.

Freshman Bill Abbey, who comes from Poly and Mission Highs and who tips the scales at 200 pounds, is calling the signals on the eleven from the quarterback position. Substitutes are plentiful, and many may move onto the first team before the season starts.

Among these are Hal Wood, star on this season's baseball team, who is playing a fullback role, and appears to be one of the best safety men on the team. Charlie Iago, a guard last year, who has been moved to right halfback for the 1936 season. Iago's best asset is his ability to block and catch passes.

Herb Vecki, a veteran of last year's campaign, is returning to his halfback position as is Bob Robinson. "Red" Thompson, first string quarter last year, is battling Abbey for the position again this year, and he may be in the starting line-up when the first game rolls around.

Kelnhofer Ready

Three little men, Bob Kelnhofer, Bill Hammond, and Pete Pedroni are all quarterbacks or halfback aspirants. Kelnhofer was a member of the squad last year, while Hammond and Pedroni have both had plenty of experience outside. Bob Chandler, playing football for the first time, is right behind Schiller and Iago in the right half position. Chandler appears to have plenty of promise and with more experience he may get to the top. Other backfield hopes are Pete Sidrove, John Marks and Ira Braunstein.

Height seems to be the outstanding factor among the ends. At one end is Freshman Dick Quarg, a four year veteran at Poly High. Quarg scales nearly six feet two and possesses a long pair of arms which makes him a deadly tackler. Dick appears to have a strangle hold on one end, but the other is wide open.

Stone At End

Runar Stone, State's number one athlete last year, in an attempt at football, is another of the more lanky flank men. Ru and Gordon Thomas, a veteran, lead the race for the other wing position, but they will have plenty of competition from Red Morton, a veteran, Don Morgan, a flashy freshman from Alameda High, Mike Gibney, a freshman who played plenty of end at Mission, Al Hutchinson from Poly, Bill Rowlands of Lowell, Harold Doell of Oakland, Ed Euere of Poly, who looks very good in early workouts, and the veteran Sid Trager, who may find himself on the first team even though it is the toughest competition he has seen here in four years.

The Gater beef trust is situated at the tackle posts. Bill Plutte, 220, and Hal Beseman, 205, lead the procession, but only because they are veterans. Hal Hanrahand and the giant Harry Holliway, 225, look exceptionally good, as do Frank Muldoon, 205, and John Struven, who is playing his first year. The tackle post which compares favorably with any on the coast in size is one of the real strong spots.

Cunha At Guard

One of the best looking prospects is the rugged looking Hal Cunha, a newcomer from University High in Oakland, who appears to have stepped right into a leading berth at guard. However, he will face plenty of competition from several of the other first year men. The other guard post is now being filled by the letterman Bob Scharetg, who is playing his second year at State.

"Noisy" Bill Ferem is at present entrenched at center on the first squad. Ferem is a freshman from Mission, and is easily noticed on the practice field, because of his constant chatter. Bill will face plenty of competition in Ralph Kauer from last season's team, Giles Daniels, the only out of stater on the team coming from Sheldon, Washington, and Ed Colton, playing football for the first time.

Coach Dan Farmer, boasting a broad smile, stated that the practice sessions this year will be more friendly than in the past, and the players, although fighting at all times for their places on the squad, are expected to have a good time working hard.

Farmer characterizes the first string backfield as one having a double threat in that Harkness, Hopkins, and Bolander can all kick, pass and run.

IN THE BALANCE

By KEN JOHNSON

With a great deal of pleasure the sports staff of this first issue presents its work to you, and with equally as much pleasure, yours truly presents the staff to you. In this issue Dave Schutz will tell you about the strongest football squad State has ever started out with; "Jerk" Smith will introduce the new men that are slapping the veterans dizzy with enthusiasm, and Rosemary Alexander says nice things about the W. A. A. Tom Thorpe, in addition to doing some cracking good linoleum cuts for the feature page, will act as assistant sports ed. So there's the line-up that will endeavor to bring to you the latest and best from the Gater sports world.

With school only one week old football spirit is rising fast. For the first time in many a moon State has a gosh-all-mighty looking squad with several new men that look like their in the money and there's beef a-plenty with Hal Beseman and Bill Plutte back at the tackle posts. In the backfield it looks like Bill Harkness, Red Thompson and "Hoppy" Hopkins will be at their old positions with Harkness the number one passer. But it's too early to pay off on the opening line-up and when you talk to Dan Farmer or Hal Harden they'll tell you that "no position is cinched and that every man is out there with equal chances of being in the opening line-up."

Vacation days slapped the coaching staff in the face when Bud Werner and Bud Glasgow joined the injured ranks. Werner, with an old back inury hanging over from last season, is definitely on the sidelines with little or no chance of putting on a suit. Glasgow was flattened this summer with an attack of sleeping sickness that has a long name and is just as serious as it is long. So that makes two big holes in the center of the line that must be filled and has Harden scratching his head.

The old "grab your hats, boys" that was the opening for every scrimmage last year is ringing late with only one scrimmage over with. It was a slap bang affair but chock full of the spirit that has captivated the whole squad. This new spirit is going to be something that you will hear a lot about, because it's new here. There's no talk of how many games State is going to win; it's all about how many games Gaters might lose. And it must be gratifying to the Farmer-Harden-Cox combination to see some real men coming to school that are out there because they like to play football and because they can slap another guy dizzy with pleasure. This is definitely State's year for avenging those old grudges against Chico and the newly founded one against S. F. J. C.

Students NYA Work Rolls Reach Peak

New Allotment Gives More Workers Jobs At College

With a quota of $2565 a month allocated for NYA work at San Francisco State College this fall, enrollment is at a new peak here. Of this sum, $1125 will be taken up by the 75 men enrolled, while $1140 will go for women's projects. The total number of women signed up at present has not yet been determined.

Compensation Provided

Two important changes in NYA operation have been made recently. Accident compensation is now provided for, and an age limit has been set. A communication from the district compensation officer states, "Any youth sustaining a traumatic injury during the performance of his duties for the National Youth Administration is entitled to medcal, surgical, and hospital service and compensation during his total disability at the rate of two-thirds of his monthly wage. The second item requires that all NYA employees shall be between the ages of 16 and 25.

As before, the other requirements for eligibility are based upon the need, character and scholastic standing of the student, with a "C" average compulsory.

New Regulations

A slightly different system in the regulation of hours is also in effect. Each student may earn up to $45 for three months, the actual amount to be determined by the school officials on the basis of the individual's need. Thus, when a worker does not complete his total assignment in any month, the lost hours can, if good reason is presented, be given to him above his quota for the next month. Previously, time could not be made up in this manner.

As there are large waiting lists, Deans Ward and Cox make every effort to give unclaimed time to new applicants, but if a surplus fund is still left at the end of three months, this money must be returned to National Headquarters for redistribution.

BOARD CHOOSES NEW MEMBERS

Filling positions vacated by Bob Barry and Billy Rose when they accepted appointments to the staff of The Golden Gater and The Franciscan, Al Cartwright and Stanley Seiber were elected to the Board of Student Publications at its regular meeting held last week.

Barry was appointed as editor of The Franciscan and Rose is now serving as business manager of The Golden Gater, thus leaving two vacancies in the ranks of the Board of Publications.

Besides Seiber and Cartwright, other members of the Board are: Rose Marie Hass, Marie Hirsch, William Smith, Howard Demeke, and Clarice Dechent, Student Director of Publications.

Seiber was elected to serve a year, while Cartwright will hold his position for six months.

MRS. NICOLL GAINS WIDE RECOGNITION

Receiving national recognition for proficiency in voice culture, Mrs. Irene Howland Nicoll, head of the voice department at San Francisco State College, was chosen, along with four nationally prominent persons in the field of music, to serve on the board of judges of the male chorus contest sponsored by the Sperry Flour Company over the Columbia Broadcasting system.

The remaining judges with whom Mrs. Nicoll will serve are as follows: Dr. Hans Leschne, Dr. Alfred Hurtgen, Mrs. Mildred Shipman and Mr. Horatio Holl.

"AN ANNUAL OR NOTHING" OPENS FRANCISCAN DRIVE

"An annual or nothing!"

This is the motto of the 1937 **Franciscan** staff. Publication of a magazine type of book is definitely impossible, according to Bob Barry, editor. It was therefore deemed wiser to raise the price 50c to cover the cost of a stiff cover and binding and attempt to publish an annual.

At least 900 subscriptions are necessary to guarantee publication. Of this number, approximately 350 made deposits during registration. Deposits of 50c may be made in room 114, the Publications Office.

Business manager for the annual is Charles Rich, prominent Scribes Club member. Associate members are Dorothy Fox and Steve Ebert. The only associate editor chosen thus far is Will Smith, former editor of the **Golden Gater.**

Although staff positions are open to the entire student body, only the business staff is being organized at this time. Application for membership on this staff may be made in room 114 or to Charles Rich, Box 1184. Members of the business staff gain valuable acquaintances, as well as acquiring a convenient source of revenue.

Complete plans for the book have been finished. Largely pictorial, the **Franciscan** will approximate 120 pages, more to be added as subscriptions increase.

PHI LAMBA OPEN HOUSE THURSDAY

On Thursday, September 17, Phi Lambda Chi members will entertain freshmen, transfers and old students, at their semi-annual Open House, which will be held at the Club House, 101 Buena Vista Avenue, between four and six o'clock.

The affair will be purely social, and will provide an opportunity for those who desire membership in the club to get acquainted with the members. Sponsors of Phi Lambda Chi, who will also be present, are Miss Alice Rich, Miss Cecilia Anderson, Miss Hilda M. Holmes, Miss Effie McFadden, Miss Florence Vance, Miss Clara Crumpton, Miss Alice Allcutt, and Mrs. Anna V. Dorris. Connie James is general chairman of the affair.

On Monday, September 14, President Harriet White called the first business meeting of the semester to order. Plans for rushing pledges, final arrangements for the Open House, and the time and place for meetings were discussed.

Standing committees appointed for the ensuing semester by the president were: Barbara Elliot and Betty Brown, co-chairman of the Social Committee; Dorothy-Jean White and Flora Swogger, Correspondence Committee, and Shirlie Senk, Publicity Committee.

BLOCK "S" SPONSORS DIME NOON DANCES

With their aim as sportsmanship and development of athletics at State, the Block "S" society began the season today. Ten Cent dances, smokers and annual dinner-dances will be used to gain these ends.

Newly elected officers are president, Denneth McGrew; vice-president, Ru Stone; secretary - treasurer, Charles Lago; sergeant-at-arms, Hal Beseman; and representative, Roy Nicolaysen.

The first noon day dance will be held in the gym on Tuesday, September 22. A college orchestra will provide the music.

The smoker, with boxing and wrestling as main attractions, will be given again this year. A banner year is expected, according to the officers with the dinner-dance as the leading social event.

PLANS WITHHELD FOR SPONSOR'S RETURN

The Open Road Club, a geographical and social science organization, is postponing new plans until the arrival of its sponsor, Mrs. Doddis, who is traveling in Europe.

During the following semester, the club will follow a program which includes excursions to the bay bridge and points of interest.

INITIATION HELD BY ALPHA PHI GAMMA

Last Friday night, Alpha Phi Gamma, State's journalistic fraternity, began the current term with the initiation of two new members. Shirlie Senk and Dave Schutz were the successful candidates.

The ceremony was held at the home of Miss Senk. Afterward business pertaining to the semi-annual scholarships which the fraternity offers to high school journalists was discussed and preliminary plans were laid for raising this semester's fund.

Miss Elsa Magnus, president of the fraternity stated that several promising journalists at the college were being considered for pledgeship during the current semester. Who these persons were to be was withheld until later.

Both of the two new members have been outstanding in journalism at State for more than a year. Miss Senk edited the present handbook and Shutz has been connected with the Golden Gater sports staff in an editorial capacity since his arrival at the college.

INTERNATIONAL CLUB MEETS TODAY

The Internatonal Club will meet on Tuesday at noon in room 118 according to Jeannette Dissmeyer, acting president. Miss Dissmeyer extends a welcome to all new students and to all old students who are interested in international affairs.

A party at Sigmund Stern Grove has been planned for Friday evening, September 18th. This party will be especially for the new members of the club, and will feature games and community singing. Coffee and marshmallows will be provided. Those caring to roast weenies are asked to bring their own.

Resignations Cause Staff Adjustments

New Members Added To Faculty; Two Get Absence Leave

State's faculty has been increased this Fall semester by the addition of five new instructors. Another change in the personnel occurred when four former instructors resigned

Miss Yvonne Champreux, Stanford University graduate, is a new addition to the Biological Science Department staff; Mr. George Gibson, graduate student assistant at the University of California at Berkeley, is taking the place of Dr. Lawrence Kinnaird, resigned social science professor; Mr. Robert Rowe, Stanford Universitly graduate, has joined the ranks of the Physical Science department.

Mr. L. C. Post, who resigned here two years ago to teach at the University of Louisiana, has come back to do more instructing in social science, and Mr. Claude Shull, an instructor at the San Francisco Junior College, and formerly Dean at the Golden Gate Junior College, is now a part time instructor in English and Social Science at State.

After having served State for several years, Mr. Kenneth King, instructor in English and former coach of Delta Sigma, debating society, has transferred to Hayward High School; Mr. John Gutman, instructor in Art, is on a temporary leave of absence.

Miss Jean McKay of the Biological Science Department, has resigned and is now teaching at Salinas Junior High School, and Miss Bernice Van Gelder, Physical Education instructor, has taken a leave of absence for one semester and is now studying in New York.

DELTA SIGMA MU PLANS PLEDGE TEA

Plans for the holding of a Pledge Tea by Delta Sigma Mu were carefully considered at the initial meeting held last Friday noon at the Frederick Burk School, room 114. Virginia Coombs, president, outlined the projects which the club intends to undertake during this semester.

The Delta Sigma Mu meets twice a month. Anyone desiring to get more information regarding the society is referred to Miss Spelman, sponsor.

INAUGURATE NEW IDEA FOR ADVISORY SYSTEM

Having started the fall semester with a "bang," the Advisory Council has great plans for the future. A new system of assigning student advisors to the Freshmen has proven very successful. One of the big features of this term is the counseling of Freshmen to attend all football games. Arrangements will be made so that they may all sit in one rooting section. In this way, it is hoped, school spirit will be increased and encouraged.

With the theme of '49, the Advisory Council sponsored a big party for all Freshmen last Friday, which was a great success, according to Dorothy Basch, chairman of the affair. Bud Decker, college yell leader, was master of ceremonies. The entertainment chairmen were Everett Parrish and Evelyn Geincer. One of the outstanding attractions was an acrobatic dance given by Audrey Stewart.

The first meeting of the Council this semester was held last September 4. At the second meeting, which was held last Friday, A. W. S. and A. M. S. representatives were elected. In addition, plans were continued for a dinner to be held in the Co-op next month. This dinner will be open to the public, and it will be both a social and an educational affair.

The work of the Advisory Council is now headed by the following officers: Francis Bolander, chairman; Dorothy Basch, vice chairman; Mary Snell, recording secretary; Betty Lindstrom, corresponding secretary, and Virginia Gildea, librarian.

DEMOCRATS TO MEET THIS FRIDAY

"The Young Democratic League will hold a meeting Friday noon, September 11, to establish a program for the coming term," declared President Erwin Bischoff. "We are looking forward to a most successful and enjoyable year," he explained.

Among other things hoped to be accomplished by the Young Democratic League this term, will be a straw vote among the students of our college, to be held in conjunction with other colleges throughout the country. It is hoped that an accurate account of the political preferences of college students may be obtained.

BIB'N TUCKER PLAN SOCIAL

Holding its first meeting of the college year, the Bib'n Tucker, women's fashion organization, will discuss the election of new members of the group at a social gathering Thursday, Sept. 17 at 11 A. M. in the activities room.

Group Starts Formation Of Camera Club

Formation of an organization of persons interested in photography will get under way during the next few weeks. Founders of the movement for such a club include Harold Martin, publicity director; Bob Barry, editor of the Franciscan; Bill Buchan, editor of the Golden Gater, and Dr. Theodore Treutline of the faculty.

The club will sponsor several photographic contests during the coming semester. Seeking pictures mainly devoted to college life at State the organization will award various prizes in cooperation with the Franciscan, Co-op, and Golden Gater.

One of the possibilities of the contests will be the publication of prize winning photos in a natonal rotogravure paper that is released to the colleges throughout the nation. The arrangements are being carried on at the present time.

Speaking about the proposed club, Harold Martin said: "We think we will have a most active organization. It will be of real benefit to the college in the matter of photographic publicity for State. Without doubt it will mean a lot to the Franciscan, as well, inasmuch as a great deal of the club's work may find a place in the pages of the 1937 book.

Announcement of dates for the initial meetings of the groups will probably be released through the Golden Gater in the near future.

DANCE GROUP STARTS PLANS FOR SEMESTER

Kappa Delta Tau, State's dance society, discussed plans for the term's activities, which already include dancing at the W. A. A. Welcome and the High School Play Day to be held next month, at its initial meeting which was held last Friday afternoon at the gym.

Following the meeting, Mr. Cheru Obatu of the University of California art department, conducted a dance lesson demonstrating the various Chinese rhythms. Mr. Obatu has had a great deal of experience in his field, having danced on the concert stage for a number of years before becoming an art instructor at the University. Those who participated in the program wore colorful costumes.

The officers of the Kappa Delta Tau this semester are as follows: Alice Marsten, president; Helen Frank, secretary; Lois Roberts, treasurer, and Alberta Steinhart and Dorothy Person, committee chairmen. Other members of the club are Dorothy Flintjer, Shirley Canning.

Start the Fall Term

With the Pen That Students Rate Highest
BY ACTUAL VOTE

Invented by a College Professor to Bring You Higher Grades

A college professor noticed that poor grades are often due not to brains running low but to pens running dry!

So he worked out an utterly different and basically better pen principle —and Geo. S. Parker engineered it to perfection.

Thus came the revolutionary Parker sacless Vacumatic that has superseded every old-style pen—both sac-type *and* sacless.

Recently the student editors of 30 college papers asked 4,699 of their readers, "Which make of pen do you own? Which pen do you prefer?"

To both questions more students answered "Parker," than any other two makes of pens COMBINED!

One reason is that the Vacumatic ink supply is EVER-VISIBLE, the *ENTIRE* length of the barrel. It isn't merely last-drop visibility—doesn't merely show when your pen is empty. It shows days ahead WHEN IT'S RUNNING LOW, so it can't run dry against your will.

The Vacumatic's working parts *are sealed in the top* WHERE INK CAN NEVER TOUCH THEM—can never decompose them. That's why this miracle pen is GUARANTEED mechanically perfect.

And the Parker Vacumatic has no rubber ink sac or lever filler—hence has room for 102% more ink *without increase in size!*

Its luminous, laminated Pearl style has won every pen Beauty Contest by 2 to 1. Go and see it today at any good store selling pens. The Parker Pen Co., Janesville, Wis.

Full-length visible ink supply
Holds 102% more ink
(Less than actual size)
than old style
Scratch-Proof Point of Platinum and Gold

Parker
VACUMATIC
GUARANTEED MECHANICALLY PERFECT
Junior, $5; Over-Size, $10 $7.50 Pencils, $2.50, $3.50 and $5

To Make Any Pen Clean Itself
Try this utterly different writing ink—Parker Quink—an ink that dissolves deposits left in pens by ordinary inks. Quink cleanses a pen as it writes—a Parker or any other pen. Ends pen-clogging. Get Quink at any store selling ink, 15c and 25c.
